If there are any programs that you are offering that are not listed above, please submit them for Public Education Department approval as soon as possible. For information on this process, please contact Mr. Matthew Montaño, Assistant Secretary, Educator Quality Division. Likewise, if there are programs on the list that you have discontinued or plan to discontinue, please inform the Public Education Department (PED) through Mr. Montaño. This list needs to be updated constantly to assure that your graduates can easily obtain New Mexico Teacher and administrator licensure at the conclusion of their programs.

This state accreditation approval is based on information gathered during the spring of 2011 on-site visit to your institution by the State BOE team representing the PED.

Again, congratulations on meeting the NCATE/State standards in all your programs and your commitment to improve educator quality in New Mexico.

Warm regards,
